无锡光泰玻璃制品有限公司

Production Introduction

1. Model: GT-110-27 with silicon gasket and metal holder

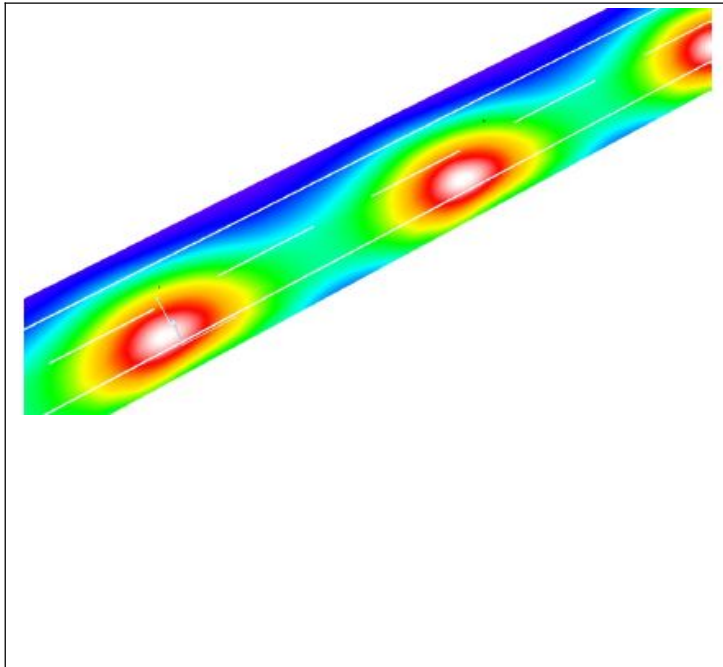

二. Features:

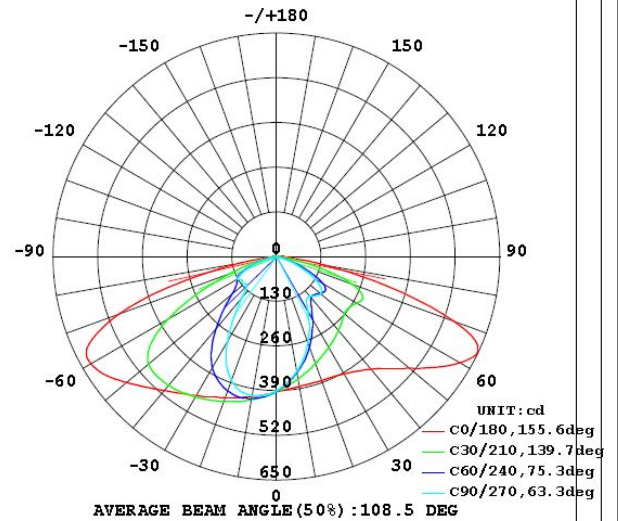

- (1) Material: Optical Glass (Borosilicate glass)
- (2) Angle : 60*160 degree
- (3) Heat resistant: -50-500 degree
- (4) Transmittance: above 94%
- (5) Refractive index: 1.474
- (6) Quality: clear and transparent, no bubble and impurity inside
